| Filtration        | Easy-clean net canister                |
| Caddy             | No                                     |

### S 100

The Dolphin S100 is a lightweight and compact robot that is ideal for all types of small pools. It effectively cleans the walls and floor in the shortest amount of time, so you can be back in the water enjoying yourself.

Light weight - Easy to lift and handle

Floor and walls cleaning

|                   |                       |
|-------------------|-----------------------|
| Ideal Pool Length | Up to 10m             |
| Cleaning Options  | Regular               |
| Cleaning Cycle    | 2 hours               |
| Filtration        | Easy-clean net basket |
| Caddy             | No                    |

### S 200

Experience superior pool cleaning with this advanced new robot. With its ultra-light weight and quick water release, Dolphin S200 is super-easy to handle.

Easy-clean net basket + set of ultra-fine filters

Floor, walls and waterline cleaning

PowerStream mobility system

Swivel - cable tangle prevention system

|                   |   |
|-------------------|---|
| Ideal Pool Length | Up to 12m   |
| Cleaning Options  | Regular   |
| Cleaning Cycle    | 2 hours   |
| Filtration        | Easy-clean net basket + set of ultra-fine filters |
| Caddy             | No  |

### S 300i

Advance to a new pool cleaning experience with this top-of-the-line robot that brings even more ease and freedom to the advanced capabilities of Dolphin S robots. Control your Dolphin S300i through the multi-function power supply or use the MyDolphin™ app on your smartphone or tablet to set up cleaning programs and control the robot remotely, including manual navigation. The blinking LED on the robot indicates the active mode.

Multi-layer filter – highly efficient clog-free filtration

Floor, walls and waterline cleaning

PowerStream mobility system

Multi-function power supply with setup and cleaning options

Caddy for storage and handling

MyDolphin™ – Smartphone multi-function app.

Swivel - cable tangle prevention system

|                   |   |
|-------------------|---|
| Ideal Pool Length | Up to 12m   |
| Cleaning Options  | Fast / Regular & Ultra clean / Floor only & Waterline |
| Cleaning Cycle    | 1.5 / 2 / 2.5 hours                                   |
| Filtration        | Multi-layer filter for ultra-fine and rough debris    |
| Caddy             | Yes   |

### Effortless operation

- Top-access filtration system – with quick, no-mess emptying and washing.
- Lightweight, easy handling.
- Fast, debris-free water release.
- User-friendly smartphone MyDolphin™ app for convenience and control

### Crystal-clear cleaning results

- Multi-layer filtration with fine and ultra-fine dirt capture.
- Active brush rotates at 2x the speed of the robot, resulting in enhanced cleaning capabilities.
- Complete coverage of all pool surfaces – with PowerStream mobility system.
- Self-learning robot adapts to the pool shape and surface for optimal cleaning results.

### Peace of mind

- Proven reliability – made by Maytronics, the leader in robotic pool cleaners.
- Designed with the safest electrical components in the industry.
- Rapid service and repair.
